Dear Ms Ruth Marks

Re: Dignified Care Hospital Review – Written Notice

Reference is made to a Written Notice received requesting further information and clarification on a joint response by Isle of Anglesey County Council and Betsi Cadwaladr University Health Board to Recommendation 5 of the 'Dignified Care Hospital Review Report.

Following discussions with the Older People's Commissioner for Wales Department on 12th August 2011, confirmation was given that you are satisfied with the Local Authority response and our interactions with the Health Board, and as such constitutes a formal response to the aforementioned Written Notice received by this Local Authority on 13th July 2011.

We were also notified of your Department's intent to formally review National feedback to this report, and may offer further recommendations for service improvements by the end of September 2011

We trust that the information provided clarifies the Local Authority's position in respect of this matter and we await further guidance in due course.

Yours sincerely

T G Jones
Corporate Director – Housing and Social Services.
